Jain Dental College & Hospital**
(A UNIT OF SHREE S.S.JAIN SABHA)

www.ksdjaindentalcollege.edu.in

The Institute

It is a good decision to choose DENTISTRY as your professional career and the place to pursue your dream is **KSD Jain Dental College & Hospital**.

Here at our modern institution, you'll learn from faculty whose outstanding credentials are matched by their passion for their profession. You'll gain skills and confidence through unsurpassed experiential learning opportunities: our state-of-the-art simulation laboratories, hands-on clinical experiences starting in your third year, and our twelve months internship after successful completion of your fourth year.

You can also participate in service to the under privileged, bringing your knowledge and skills to underserved communities close to campus or in remote areas through our outreach program.

The Trust

KSD Jain Dental College & Hospital is a unit of Shree Shwetambar Sthanakvasi Jain Sabha (S.S.Jain Sabha), a benevolent organization marked by its various philanthropic activities over Seven decades. Its sole endeavour is to render Services to Humanity. Its wide aim is overall development of the society, particularly in the sphere of education, healthcare, moral and social awareness specially among the younger generation, paving the way for healthy society. Since its inception, the Sabha is engaged in various social and charitable activities mainly in the state of West Bengal.

Message from the Secretary, Mr.Vinod Dugar

I am pleased to welcome all our new students to the **KSDJ Dental College & Hospital** Family. At our institution we hope that you will find for yourself a suitable niche. The Kusum Devi Sunderlal Dugar Jain Dental College & Hospital offers an excellent education for a career in dentistry.

Ever since its inception, **KSDJ Dental College & Hospital** has the endeavor to achieve excellence in dental education, oral health care and community services.

We look forward to our students to be enthusiastic and leave no stone unturned to bring laurels for themselves and the institution. We appreciate all hard work and welcome their multifarious talents.

The state-of-the-art infrastructure and equipment at our institution are at par with international standards and is geared to impart rich experience of dental practice to our students.

The program is designed to produce a doctor of dental medicine who will be prepared to practice general dentistry as it is expected to evolve in the years ahead. Under the tutelage of our highly trained faculty, our students will acquire a solid foundation in various subjects.

In addition, the close working relationship among the faculty, students and staff at **KSDJ Dental College & Hospital** offers a collegial environment to work toward the common goal of global excellence.

Our institution stands out as one of the finest institutes for higher learning, in dental education as well as oral health care, complying with the institutional mission set forth.

Prof. C. Bhasker Rao Chief Mentor

Prof. C. Bhasker Rao our Chief Mentor comes with five decades of experience with dental education in the country. He served as Vice President, Dental Council of India for three terms which is the apex body responsible for regulating dental profession in India. Throughout his distinguished career he has strived hard to infuse excellence in academic, clinical and research areas of dental profession. He has served on various national, academic and regulatory platforms contributing to the sustained and progressive development of dental education in the country.

Quality Policy

Kusum Devi Sunderlal Dugar Jain Dental College & Hospital is committed towards imparting quality value based education and nurturing its students into well-rounded professionals, socially sensitive and responsible citizens for attaining personal, organizational & social goals. **KSDJ Dental College & Hospital** ensures improvement of the academic system through a process of continuous monitoring & review.

Mission

- 🎯 To train the students to be successful professionals in Oral Health Care in a state-of-the-art infrastructure and to meet national & global challenges
- 🎯 To provide comprehensive spectrum of oral health care services to individuals from all socio-economic and cultural groups
- 🎯 To involve in community oriented research

Faculty

- The institute has highly Professional & Experienced faculty members, who are renowned professionals in their field of specialization.
- The faculty members have excellent communication skills and enrich their knowledge & skills at a regular basis.

Learning and Teaching

We understand that the transition from your school learning environment to professional college can be a challenge, and with support from faculty, we encourage you to develop an independent attitude to learning. This approach is designed to prepare you well for life as a qualified dental surgeon when you will have to take responsibility for keeping your knowledge up-to-date through continuing professional development.

State-of-the-art clinical facilities

We have modern, state-of-the-art buildings alongside more traditional facilities, such as our fantastic library. The institute takes pride in its clinical skills laboratory, which closely simulates the real clinical experience and is an invaluable learning facility, helping new students prepare themselves well for patient care in clinics.

Vision

To be a leading institution in
Quality Education
Patient Care
and Community
Oriented Research

DENTAL CURRICULUM

The five-year course leading to Bachelor of Dental Surgery was completely redesigned after 2007 to provide a modern, studentfocused, integrated curriculum which:

- Promotes oral health and provides patient centered, evidence-based care
- Develops knowledge, skills values, attributes and behaviors of a dental professional
- Recognizes the need for lifelong learning and professional development
- Promotes the development of social responsibility and awareness of global oral health needs.
- You will develop the appropriate knowledge, skills, attitudes and understanding of scientific and clinical principles so that you are able to apply them to the prevention, alleviation and treatment of oral diseases. Great emphasis is placed on the acquisition of clinical skills and professional attributes by working closely with your teachers, peers and other members of the dental team. You will provide patient care in a range of settings, exposing you to a diverse population group and a variety of opportunities for professional development.
- During the fifth year as an intern you will have the opportunity to work in the general dentistry department which will provide you rich experience in comprehensive oral health care.

ADMISSION

ELIGIBILITY

Admission to all BDS seats is purely on the basis of merit. The criterion to prepare the merit list is by combining marks obtained by the candidates in the National Eligibility cum Entrance Test [UG]-(NEET-UG-2017) and the marks obtained by them for Physics, Chemistry and Biology subjects in the qualifying examination.

Only those candidates who secure 50 percentile marks in the National Entrance Examination, NEET-2017 will be considered for admission to BDS course. Candidates belonging to SC/ST/OBC/NRI will be considered for admission to this course only if they have scored a minimum of 40 percentile marks in the National Entrance Examination. Candidates with Locomotors disability of lower limbs between 40% to 70% will be considered for admission to BDS course only if they have scored a minimum of 45 percentile marks in the National Entrance Examination (NEET UG 2017)

PAYMENT OF FEES

All students, including the SC/ST/OBC/NRI candidates, will have to pay the fees as per Government regulations.

CODE OF CONDUCT

- ⌚ Every student is required to adhere strictly to the code of conduct and dress code of the institution.
- ⌚ Violation of the rule will lead to strict disciplinary actions by the authorities.

AGE

Applicants shall complete the age of 17 years on or before 31st December of the year of admission to the BDS Course.

ACADEMIC

As per the 'Dental Council of India BDS Course Regulation 2007', the applicant should have passed the qualifying examinations as under:

The Higher Secondary Examination or the Indian School Certificate Examination which is equivalent to 10+2 Higher Secondary Examination after a period of 12 years study, the last two years of study comprising of Physics, Chemistry, Biology, and Mathematics or any other elective subjects with English.

SAY NO TO RAGGING

Ragging is criminal offence punishable under many provisions of the Indian penal code. No person who is a student of **Kusum Devi Sunderlal Dugar Jain Dental College & Hospital** shall commit ragging as this may lead to severe a punishment including imprisonment.

SCHEME OF EXAMINATIONS (As per norms of WBUHS)

The scheme of examination of BDS Course shall be divided into four professional examinations, viz, First Professional BDS Examination at the end of 1st academic year, Second Professional BDS at the end of 2nd academic year, Third Professional BDS at the end of 3rd academic year and Final Professional BDS at the end of Final Year.

There shall be an Annual University Examination followed by a Supplementary Examination at the end of each academic year preferably on June in each year. Supplementary Examination shall be held six weeks after publication of the result of the Annual Examination. Candidate will not be allowed to appear in the Supplementary Examination if he does not sit for the Annual Examination. However he may be allowed to appear in the next Annual Examination.

The examination shall be open to a candidate who satisfied the requirement of attendance, progress and conduct as stipulated by the university.

Certificate to the above effect should be produced from the Head of the Institution by the candidate along with the application for examination and the prescribed fee.

Internal assessments to be held after the completion of at least 70% of the course and to be sent to the university along with counter signature of the Principal/Head of the Institution.
